

MEID: Mobile Equipment Identifier

For CDMA Handsets/Devices

New Delhi: Mobile Standards Alliance India (MSAI) The only official reporting body of GSMA which issues genuine IMEI and MEID in India. MSAI also provides IMEI related assistance to the regulatory bodies, Network operators, and Security Agencies along with Customs officials.

MEID Service: This is to inform the CDMA handsets and device Manufacturers/National Importers, that MSAI in coordination with TIA and GSMA has launched the MEID service in addition to the already existing service for Genuine IMEI Issuance.

Benefits: One stop shop for all CDMA / GSM related queries and services in India where you can get information on the authenticity of the MEID/IMEI issued against handset models

Monetary Charges: There are No additional Charges for sourcing MEID for Dual Band (Multi – Mode) handsets (C+G) or (C+C+G)

CDMA Operator Support:

Queries: For additional queries you can email us at: services@msai.in
